OUTDOOR KITCHEN COLLECTION

Refined Outdoor Living

KANSŌ introduces a premium outdoor kitchen collection that blends contemporary design, durable materials, and modular flexibility. Engineered to withstand the elements, each kitchen maintains a refined, minimalist aesthetic suited for any terrace, patio, or garden.

With a focus on craftsmanship, material innovation, and long-term reliability, KANSŌ transforms every outdoor space into a fully equipped and elegantly styled living environment.

Materials & Quality

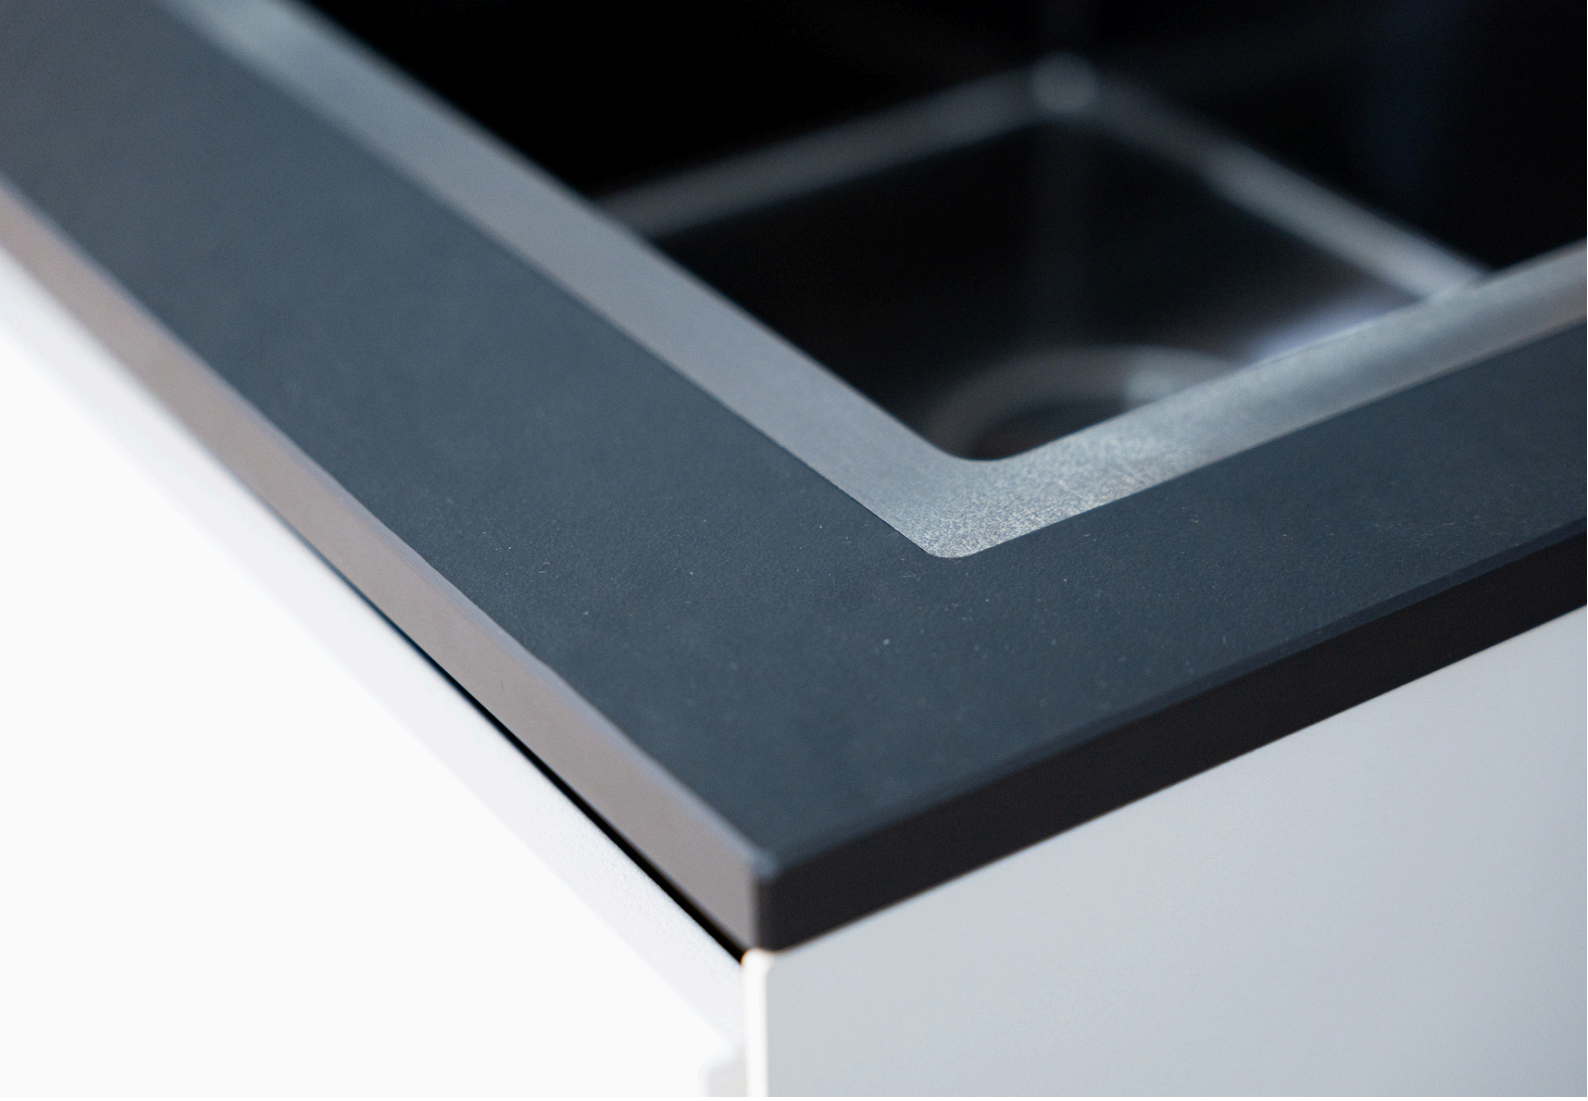

100% Made in Italy

KANSŌ outdoor kitchens are engineered and produced entirely in Italy using controlled manufacturing processes and certified, high-performance materials. Each component is designed to meet professional outdoor standards, ensuring long-term durability, structural stability, and consistent product quality across all models and configurations.
Material Philosophy

KANSŌ prioritises materials that deliver:

- High corrosion resistance
- Structural rigidity and long lifespan
- UV and weather resistance
- Minimal maintenance
- Professional-grade hygiene and safety levels

By combining advanced production technologies with Italian craftsmanship, KANSŌ guarantees predictable performance and reliable quality for residential, commercial, and hospitality applications.

Specifications

Stainless Steel (AISI 304 / 316)

- High corrosion resistance
- Suitable for outdoor and coastal environments
- Non-porous and hygienic
- Easy to clean with warm water (avoid chloride cleaners)

Zinc–Magnesium Alloy Panels

- Advanced alloy of zinc, aluminium, and magnesium
- Superior corrosion resistance
- Ideal base for epoxy powder coatings
- Easy to clean with mild soap and water

Painted Metal Surfaces

- Epoxy powder coating
- UV- and scratch-resistant
- Moisture-resistant
- Designed for long-term colour stability

Epox4 mm Brushed Stainless-Steel Countertops

- Durable and impact-resistant
- Hygienic and weatherproof
- Suitable for outdoor cooking

Dekton Countertops (Optional)

- Highly UV- and scratch-resistant
- Non-porous and stain-proof
- Available in various colour options

Sustainability & Lifecycle

- All materials are selected based on recyclability and long service life
- Reduced need for replacement parts due to corrosion-resistant construction
- Stable finishes minimise long-term environmental impact
- Designed for decades of outdoor use with minimal degradation

Models

CHAMPAGNE SETUP

A modular outdoor kitchen with a wood-fired oven, sink module, storage units and drawers, combined with a built-in BBQ. Finished in Champagne with a 4 mm stainless-steel countertop for durable outdoor use.

OLIVE SETUP

A compact configuration featuring a sink, storage units and drawers, with additional space for an optional cooktop. Finished in Olive Green and equipped with a durable 4 mm stainless-steel countertop.

WHITE SETUP

A streamlined outdoor kitchen including a sink module, storage units, drawers and a cooktop area. Finished in Brilliant White with a 4 mm stainless-steel countertop designed for long-term outdoor performance.

INOX SETUP

An L-shaped outdoor kitchen featuring an induction zone, sink module, storage units and drawers. Finished in Satin Stainless Steel with a 4 mm stainless-steel countertop.

OXIDE BROWN SETUP

An L-shaped configuration with a wood-fired oven, sink module, storage units and drawers. Finished in Oxide Brown with a durable 4 mm stainless-steel countertop.

Key Features

Custom Design

The modular structure allows full freedom of configuration. Choose from linear, corner, or island layouts to design an outdoor kitchen tailored to your space and preferences.

Strength & Durability

All components are built with outdoor-resistant materials, ensuring longevity and consistent performance throughout all seasons.

Perfect for Outdoor Living

Ideal for cooking, entertaining guests, and outdoor dining, Kanso kitchens transform your exterior areas into premium living spaces.

Technical Features

KANSŌ outdoor kitchens are manufactured in Italy using controlled production processes and certified, high-performance materials. Every component is engineered to meet professional outdoor standards, providing long-term durability, structural stability, and consistent product quality.

Key material specifications

- Stainless Steel AISI 304 / 316 – High corrosion resistance, suitable for intensive outdoor use and coastal environments.
- Zinc–Magnesium Alloy Panels – Superior anti-corrosion performance and a stable base for epoxy powder coatings.
- Epoxy-Coated Finishes – UV-resistant, scratch-resistant, and designed for long-term color stability.
- 4 mm Brushed Stainless-Steel Countertops – Hygienic, impact-resistant, and low maintenance.

All materials are selected to minimise maintenance, extend product lifecycle, and support professional installation standards. This ensures predictable performance and long-term value for both residential and commercial outdoor projects.

Appliance Integration

All Kanso modules are designed to discreetly integrate a wide range of appliances, including:

- Gas cooktops
- Induction cooktops
- Gas griddles
- Barbecues
- Sinks
- Built-in fridges
- Elevator socket

Kanso kitchens also integrate perfectly with premium wood-fired ovens.

OLIVE COMPACT

A compact outdoor kitchen with sink, storage and workspace, ideal for balconies, terraces or small gardens. Finished in Olive Green for a natural, understated look.

COLORS

WHITE LINEAR

A long, streamlined kitchen layout offering generous workspace and integrated sink and cooktop modules. Finished in Brilliant White for a clean, modern appearance.

COLORS

CHAMPAGNE XL

A fully equipped outdoor kitchen featuring extensive storage, a sink module and integrated BBQ options. Finished in Champagne for a warm, refined aesthetic.

COLORS

IINOX CORNER

A functional L-shaped configuration with sink, cooktop and storage modules. Finished in Satin Stainless Steel for a sleek, professional look.

COLORS

OXIDE L-SHAPE

A versatile L-shaped outdoor kitchen with a wood-fired oven, sink and storage modules. Finished in Oxide Brown, combining durability with a deep, architectural tone.

COLORS

Modular System Overview

Below is the complete list of modules (all include a 4 mm stainless steel top unless noted):

Base Units

- B45A / B45A AI – 45 cm
- B50A / B50A AI – 50 cm
- B60A / B60A AI – 60 cm
- B120DA / B120DA AI – 120 cm double-door

Sink / Cooktop-Compatible Units
(Appliances excluded)

- B50A LG / B50A LG AI – 50 cm
- B60A LG / B60A LG AI – 60 cm
- B120DA LG / B120DA LG AI – 120 cm double

Fridge Units

- B60A FR / B60A FR AI – 60 cm

Drawer Units

- B50DC / B50DC AI – 50 cm double drawer
- B60DC / B60DC AI – 60 cm double drawer
- B120DC / B120DC AI – 120 cm double drawer
- B120DC P / B120DC P AI – 120 cm high/low drawer combo (sink or cooktop compatible)

Corner Units

- B60A ANG / B60A ANG AI – 60+60 cm corner module

BBQ Modules
(Appliance excluded)

- B90DA BBQ / B90DA BBQ AI – 90 cm
- B120DA BBQ / B120DA BBQ AI – 120 cm

Open Base

- B120 AP – 120 cm open module

Tall Cabinets

- A60R 60 / A60R 60 AI – 60 cm wide, 120 cm tall

Panels & Accessories

- End panels (left/right, base or tall cabinet versions)
- Island back panel (sold per linear meter)
- COP1800 – 180 cm protective top cover

Layout Examples & Modularity

Kanso's modular system allows for unlimited design possibilities. Modules can be combined to create:

- Compact linear outdoor kitchens
- Fully equipped corner solutions
- Integrated BBQ and oven stations
- Long, continuous countertops for large terraces
- Mixed appliance setups (gas + induction + BBQ)

Layouts can be customized in:

- Width
- Height
- Depth
- Color
- Appliance selection

This ensures each customer receives a perfectly tailored outdoor cooking environment.

Effortless Harmony with Any Landscape

KANSŌ outdoor kitchens are engineered to blend seamlessly into any environment – from coastal landscapes to urban rooftops. Their minimalist geometry, refined materials and modular configurations adapt effortlessly to different architectural styles

Whether installed as a single feature piece or as part of a multi-unit development, KANSŌ elevates every space with a calm, timeless presence that feels naturally integrated rather than added on.
